## 25 Heating Stoves

Taken from the Stove Department, corralled in our show window, and this week we push them out of the front door, Perfect, Reliable and Warranted. Without spot or blemish of any kind.

## The Celebrated Acorn Stoves!

Any offer within "gun shot" of the cost and you win the prize and own the best. It's a sharp buyer who buys his flannels in the summer and nankeen in the winter. Apply this method in coal stoves. It will "put money in thy purse" and you can keep it there if you will only come and see us. One-quarter off or one-quarter on are mildewed "chestnuts," threadbare and worn out years ago, when we were all very small boys, but paste this in the top of your hat: "Look at Winegar's show window of heating stoves, ask the price before buying elsewhere and not after, and you will add to your pocketbooks and happiness."
